

## ICMLDE2022 SPECIAL SESSION

**Title: Special Session on** Recent Trends in Applications of Artificial Intelligence and Deep Learning

**Topics of Interest:** The topics should be in the scope of the conference:

- Internet of Things (IoT)
- Artificial intelligence and IoT in forensics
- Deep Learning in Health care
- Deep learning in Agriculture
- Machine learning /deep learning for Natural disasters
- Deep learning in computer vision
- Industrial IoT
- Fog Computing and Cloud Computing
- IoT in Edge computing
- Machine learning in E-governance
- Machine learning for preventing Natural disasters
- Artificial Intelligence for Education Machine learning and IoT for climate change

### Session committee member's details

1. Dr. Ajmer Singh

Associate Professor, CSE Department

DCRUST Murthal

[ajmer.saini@gmail.com](mailto:ajmer.saini@gmail.com)

Mob: 9813687398

2. Name: Dr. Deepa Gupta

Institution: Amity Institute of Information Technology
