

ICMLDE2022 SPECIAL SESSION

Title: Special Session on: Medical image processing and Machine Learning on embedded GPU platform

Topics of Interest: The topics should be in the scope of the conference:

Topic 1: Medical image processing on embedded GPU architecture

Topic 2: Medical image processing on embedded platforms

Topic 3: Application of artificial intelligence in medical imaging on embedded heterogeneous architecture

Session Chair

Name: Dr. Wilver Auccahuasi Aiquipa

Institution: Universidad Privada del Norte, Lima, Perú

Email: wilver.auccahuasi@upn.edu.pe

Contact: +51 971006824
