

# ICMLDE2022 SPECIAL SESSION

**Title: Special Session on:** Machine learning and deep learning applications in climate science

**Topics of Interest:** The topics should be in the scope of the conference:

Topic 1: Data Engineering Climate Science

Topic 2: Deep Learning in Climate Science

Topic 3: Machine Learning in Climate Science

Topic 4: Data Engineering in Renewable Energy for Climate Change

Topic 5: Deep Learning in Renewable Energy for Climate Change

Topic 6: Machine Learning in Renewable Energy for Climate Change

## Session Chairs details

Name: Prof. Dr. Kabir A. Mamun

Institution: School of Information Technology, Engineering, Mathematics and Physics (STEMP), The University of the South Pacific, Suva, Fiji

Email: kabir.mamun@usp.ac.fj

Name: Dr. Nallapaneni M K

Institution: School of Energy and Environment, City University of Hong Kong

Email: mnallapan2-c@my.cityu.edu.hk; nallapanenichow@gmail.com

Contact: +852 68455883
