

ICMLDE2022 Special Session

Title: Edge Machine Learning for Industry 4.0

Topics of Interest:

This Special session encourages authors, from academia and industry, to submit original research and review articles that cover the design and implementation of Edge ML using IoT for industry 4.0.

- Edge ML in Smart Farming
- Edge-based ML Engine with Edge-Cloud Coordination
- Edge Architecture for ML-IoT services deployment
- Edge ML Framework for Industrial IoT
- Edge ML-enabled IoT health care applications

Session committee member's details

Dr. Velliangiri S

Department of Computational Intelligence,
SRM Institute of Science and Technology, (KTR Campus)
Chennai, Tamilnadu, india 603203

Email: veliangiris@gmail.com, vellians@srmist.edu.in

Mobile: +91-9500519166

Dr P. Karthikeyan

Post Doctor Researcher,
Smart Living Technology Research Center
National Chung Cheng University, Chiayi, TAIWAN-62102.

Email: nrmkarthi@gmail.com

Mobile: +91- 8056940094
